Take your game to the next level while making new friends in this fun, week-long (and air-conditioned) camp for kids ages 8 to 14. Campers will be divided by age and experience. Younger campers and beginners will enjoy games-based activities that teach the fundamentals: eye-hand coordination, movement, and basic tennis strokes plus parts of the court, scorekeeping, and etiquette. Older and more experienced players will be grouped to ensure they get a good challenge during drills and point play with peers while working to improve technique, consistency, and competitive strategy. There will be plenty of time for warm-ups, cardio, and cool down throughout the day, along with breaks for snacks and lunch plus some off-court fun. Totally Tennis campers will enjoy a positive learning environment that not only builds tennis skills, but also fosters teamwork, self-confidence, and sportsmanship. Fridays at Totally Tennis will finish with a mini tournament featuring match play and large group games adapted for all ages and levels. Sneakers and comfortable clothing are a must. If you need to borrow a racquet, we are happy to loan you one. Please bring a non-perishable lunch (peanut free due to allergies), a refillable water bottle, and snacks to last for a full day of camp.

## SENSE-sational Summers at Meadowside\*

Looking for a camp for your child to make friends, spend time outside, and explore nature while using their senses? SENSE-sational Summers at Meadowside is a program intentionally designed for sensory and/or processing, neurodivergent campers. Fast pace or slow, loose instruction or help step-by-step, camp staff are dedicated to meeting the needs of each camper during activities and lesson. Campers can expect to go on hikes, learn about ecosystems and habitats while using their senses, say “hello” to the nature center animals, make a splash in Rock Creek, and create sensory crafts. \*This camp will provide a low staff-camper ratio of 1:2 (one teacher for every two campers) and class size will remain small. Every parent/guardian must complete a Modification Intake Form to help us learn about each camper and submit these forms at least two weeks before the start of camp. One on one supervision is not available. Activities are subject to change due to inclement weather, camper needs, and interest. Most outdoor surfaces are not paved, and the trails will be a mix of uneven dirt (small hills, tree roots, and small rocks), grass, and/or mulch.
